

limestrong mineral finishes

project calculator tool

Follow these step-by-step directions to calculate the quantity of plaster + pigment to order and the exact recipe needed for your project.

1. On the **Color** drop down menu, choose **Palette**.

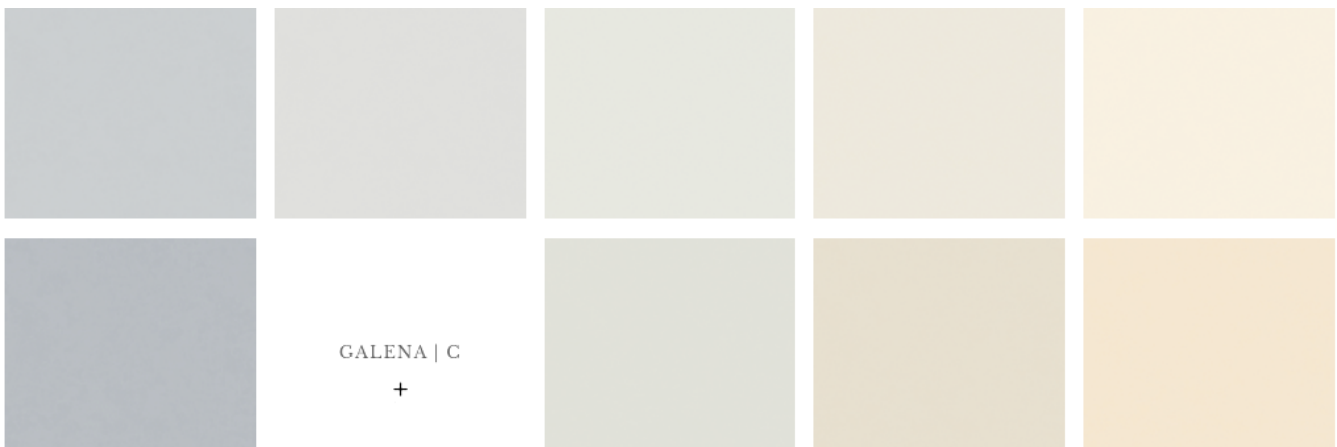

PRODUCTS COLOR HOW TO ABOUT

COLOR GUIDE

PALETTE

2. Choose your desired Limestrong **Color | Shade** and click on it. (eg Galena | C). A color information box will open.

3. Select **Add to Project Calculator**. A new tab will open to the Calculator auto-populated with the color formula information.

4. Enter your project's total **Square Footage** and desired finish in the **Product** box.
**Limestrong finishes require two coats and the Project Calculator will account for this. You do not need to double the square footage.*

Based on the finish + color + project square footage information, the calculator will automatically provide :

- Number of **Bags** needed of desired Plaster.
- Number of **Pigment Packs** needed of desired Color's pigment(s).

SQUARE FOOTAGE			
<input type="text" value="1500"/>			
PRODUCT	NUMBER OF BAGS	COLOR NAME	SHADE
<input type="text" value="Stone"/>	<input type="text" value="10"/>	<input type="text" value="Galena"/>	<input type="text" value="c"/>
PIGMENT 1	PIGMENT 1 PACKS	PIGMENT 2	PIGMENT 2 PACKS
<input type="text" value="ochre"/>	<input type="text" value="3"/>	<input type="text" value="slate"/>	<input type="text" value="3"/>

In addition, the calculator will automatically provide the recipe for each bag/bucket of plaster for the Project, including:

- **Water** volume in gallons
 (please round down - remember you can always add water to the mix, but you can't remove it).
- Weight of Total **Pigment(s)** in grams,
 (round to nearest gram).

Water + pigment needed for each bag of plaster.

WATER	
<input type="text" value="2.38 gal"/>	
<i>gallons</i>	
PIGMENT 1	TOTAL
<input type="text" value="ochre"/>	<input type="text" value="62.50g"/>
	<i>grams</i>
PIGMENT 2	TOTAL
<input type="text" value="slate"/>	<input type="text" value="62.50g"/>
	<i>grams</i>

5. Enter optional [Job Name](#) and [Email Address](#) to send [Summary](#) of Project Plaster Recipe.

SUMMARY

JOB NAME: oak street plaster

COLOR: Galena

PRODUCT: Stone

NUMBER OF BAGS: 10

SQUARE FOOTAGE: 1500
